

## **Budget Tracker – User Stories**

As a user, I want to be alerted when I have 10% of my budget remaining, so I know when I am getting close to my limit.

As a user, I can enter transactions, so I can keep track of how I spent my money.

As a user, I want to input my budget for a month, so that I know how much I can spend.

As a user, I want to be able to change my monthly budget, so that I can accommodate unexpected hits to my budget.

As a user, I want to be able to check how much I have spent, so that I know how much I have spent so far.

As a user, I want to be able to check how much I have remaining, so that I know how much I have left to spend.

As a user, I can log in with my Google account, so that I can receive email notifications regarding my budget.

As a user, I can see my information over multiple browser sessions, so that I can keep track of my monthly expenses.

As a user, I can remove a transaction, so that I can correct an incorrect transaction.

As a user, I can see updated money remaining and money spent numbers when I remove a transaction, so that I can accurately track my expenses.

As a user, I can name my transactions, so that I can accurately track where I've spent my money.

As a user, I can log out, so I can stop receiving notification emails.

As a user, I can refresh my tab and still have my inputted budget information, so that I can continue to track my budget.
